### Modernism | Definition, History, & Examples | Britannica

In the visual arts, late modernism encompasses the overall production of most recent art made between the aftermath of World War II and the early years of the 21st century. The terminology often points to similarities between late modernism and post-modernism although there are differences. The predominant term for art produced since the 1950s is contemporary art. Not all art labelled as contemporary art is modernist or post-modern, and the broader term encompasses both artists who continue to w

The Evolution Of Modernism In Architecture And Its Impact on the 21st Century. architecture, Modernism. From a movement that eschewed ornamentation in favour of function, to a solution for social issues, Modernist architecture has been influencing building design since before the Second World War. Key principles such as anti-historicism, function, progress and social morality translated to high expectations, ones that often did not meet the real needs and wants of families and communities.
