The Ghosts of Mammoth Cave. With nearly 400 miles of interconnected passages, Kentucky's Mammoth Cave is the longest known cave system in the world. Each year, hundreds of tourists flock to Mammoth to marvel at the cave's stunning formations and massive size. However, legend has it the tourists and guides aren't alone.

The cave for which the town is named is reported to be haunted. In fact, several structures around the cave and its spring-fed Cedar Creek and neighboring

park have full-time occupants as well. On the day we visited Spring Cave, nothing appeared out of the ordinary but I caught a moving blue orb on the far side of the cave.

In his new book, "The Billy Bob Tapes: A Cave Full of Ghosts," the actor is taking control of his own narrative for the first time. "My private life hasn't been private in ages, so it's better to tell your real private life than it is to have the false one out there," Billy Bob tells me on the set of "New York Live."

Most ghost stories that people share are of spirits that take human-form, but as animals are so woven into are lives and human history, it's not unheard of to see the ghosts of dogs, cats and other animals roaming around in haunted houses. The ghosts of animals including horses are often seen on the sites of battlefields.

I bought The Billy Bob Tapes: A Cave Full of Ghosts as soon as I heard he had a book out. I have always liked him and his work and I feel he is as true as a person can be working in the entertainment biz these days. I grew up and still live in the deep South and I found myself nodding my head to some of the things he says and even laughing-out-loud for real!

Cave also plays a pivotal role in "Ghosts" as Maynard, an unconscionable psychotic whose violent raving pushes the already worsening conditions of the prison to full-scale chaos. Cave's performance is searing, bringing every bit of rage and hatred and bile to the surface...and his entrance into the film is truly unforgettable.
