I use a John Deere L120 to mow my moms yard and it has gotten to where it will barely move going up hill. My dad bought this mower a number of years ago and it has about 400 hours on it. It won't move at all in reverse uphill either. On flat areas of the yard it does just fine. I've read a lot of info online about this exact problem from lots of people complaining but no where can I find ...
