Seeing Organizational Patterns: A New Theory and Language ...

Noting my recent efforts of going upstream, Jon Husband suggested I read Seeing Organization Patterns: A New Theory and Language of Organizational Design by Robert Keidel. In it Keidel frames organizations as having three distinct variables or elements: autonomy, cooperation and control (sound familiar?). He shares that this triad appears in organizational strategy, structures and it's systems and when not in the right ratio for the work being done, dysfunction results.
