THE CHRISTIAN RELIGION AND BIOTECHNOLOGY: A SEARCH FOR ...

The final section offers a theological interpretation of genetics and biotechnology, reflective of Christianity but intended for a wider readership. The article also looks at the question of the human embryo and its role in research, the theological implications of the technological transformation of the human self, and how we are to understand in religious terms our new role in creation.

Based on the symposium 'GenEthics and Religion' held in Basel, Switzerland, in May 2008, this volume examines the role religion can play in establishing ethical guidelines to protect human life in the face of rapid advances in biology and especially gene technology. Book contributions were written by philosophers, theologians, human geneticists and several bioethicists representing the Christian, Jewish, Islamic and Buddhist perspectives.

GenEthics and religion - National Center for Biotechnology ...

Christianity, major religion stemming from the life, teachings, and death of Jesus of Nazareth (the Christ, or the Anointed One of God) in the 1st century ce. It has become the largest of the world's religions and, geographically, the most widely diffused of all faiths. It has a constituency of more than two billion believers. Its largest groups are the Roman Catholic Church, the Eastern ...

GM WATCH daily list 1. Is genetic engineering morally acceptable? 2. Biotechnology as religion QUOTES: 'The entire concept [of genetic engineering] nurtures the pride and arrogance of human nature. Scripturally speaking, man becomes like the Great Deceiver who said, "Ye shall be as gods" (Genesis 3:5).' - Pastor Raymond Davis Jr., Greater Corinthian Church of the Christ (item 1) 'Today, we ...

Is Genetic Engineering Morally Acceptable? Biotechnology

...

Religion has sometimes had a positive effect, often indirectly stimulating or even directly encouraging scientific research of the biological world. Similarly, biology has had a profound effect on religion, sometimes offering challenges that require believers to reassess basic theological assumptions.
